Mythical creatures

(Lekcija koja se trenutno obrađuje na skole.sum.ba za 6.razrede.

Obzirom da ne radimo po istim udžbenicima prosljeđujemo vam kratki tekst vezan za datu temu.Pročitajte ga pažljivo ,prevedite ga u domaće bilježnice a ispod prijevoda odgovorite na sljedeća pitanja.)

THE LOCH NESS MONSTER

It is a large creature that is supposed to live in Scotland's largest lake. It is often called Nessie. It has become a great tourist attraction. Many people say they have seen it but there are almost no clear pictures of it. Is there only one monster or a whole family of them? How did it get there ? The search for Nessie goes on.

Translate into Croatian.

Answer the questions.

- 1 What is Nessie?
- 2 Where does it live?
- 3 Is it a great tourist attraction?
- 4 Do you like mysteries?
